

MILK CASE IN WHICH CHARGE IS MADE THAT ADULTERATED MILK WAS DISTRIBUTED

Hearing in the case of the state against Fred Wheeler, charged with distributing adulterated and impure milk with less than the required amount of butterfat and solids, began this morning in the city court before Judge D. R. Roberts. Attorneys Willis and Halverson represented the defendant and County Attorney Bates and O. C. Dalby, assistant attorney general of Utah, appeared on behalf of the state.

The case was called shortly after 10 o'clock and the defense requested a trial by jury. The court was forced to adjourn for a short period until jury-men could be found. The following men were selected:

Ernest Leatham, Bert Homer, L. W. Farry and I. P. Richards.

Attorney Bates, in his opening address to the jury, stated that the de-

fendant had sold "filthy" milk, but he further stated that the milk did have the required amount of 3 per cent butterfat and 12 per cent solids.

William Elmer was then called to the witness stand to testify for the state, and evidence that the milk was adulterated was then attempted to be introduced.

Attorney Halverson objected, stating that the complaint charged that Wheeler sold adulterated and impure milk, but not to what extent of adulteration. He contended that evidence could not be introduced on the grounds stated in the complaint. Then followed a lively argument between the attorneys. Sections of state laws were presented, and the court took the matter under advisement during the lunch hour. Court was adjourned until 1:30 o'clock this afternoon.

BOY BOOTLEGGERS ARE TO APPEAR BEFORE JUVENILE COURT

Four boy bootleggers will appear before the juvenile court on Thursday to settle their account with society before Judge Dan Sullivan, according to statements made by the police today.

The boys, according to the police records, were caught red handed on Wall avenue, Sunday afternoon, selling liquor to passengers near the Union depot. The boys are all under the age of 18 and will be dealt with according to the laws governing juveniles.

The police believe that the youngsters were used as tools by adults who have a bootlegging organization, and it is also believed that other arrests will follow.

Cheese Factory for Ogden Valley Is Being Considered

A cheese factory in Ogden Valley is one of the latest proposed additions to Ogden's fast growing industrial activities.

Ogden Valley is developing as a dairy district and it has been proposed to establish a factory there for the manufacture of cheese on an extensive scale. Before definite action is taken, however, a thorough canvass will be made to ascertain just how much milk can be secured for the plant.

Sewer Asked for By Property Owners On the Bench

Residents on Grammercy avenue asked the city commission last night for a sewer on that street, between Twentieth and Twenty-first street. The matter was referred to the city engineer.

Residents of Twenty-ninth street, between Monroe and Quincy avenues asked to be included in a sidewalk district. This matter was also referred to the city engineer for investigation.

You will want to see Dorothy Gish in "I'll Get Him Yet," at Utah today and tomorrow.

WORLD'S MARKETS

NEW YORK, May 27.—Buying of motors, steels and equipments on a larger scale was resumed at the opening of today's stock market, early gains extending from 1 to 3 points. There was a better demand for ship-

ping but rails were comparatively dull except for the further strength in Atchison and Southern Pacific, the latter showing special activity. Victory 4½ per cent bonds were traded in for the first time, initial transactions consisting of three lots of \$150,000, \$100,000 and \$50,000, all at 99.90.

Trading during the morning approximated yesterday's high record, the first hour's turnover aggregating 500,000 shares. Rails as a whole displayed a stronger tone, also shipbuilding, but otherwise heavy realizing provoked moderate irregularity. United States Steel's setback of 1½ points was coincident with forecasts of earnings for the current quarter. Motors and oils enhanced their gains and International Paper and food shares were prominent among specialties. Larger lots of Victory 4½s changed hands between 99.94 and 99.98.

The selling increased at midday, rails as well as industrials forfeiting their gains. Impairment was greater among motors and kindred issues where reactions extended from 2 to 1 points. Rallies, however, quickly followed and traction and chemical shares developed sudden strength.

The six were undergraduates, but were all husky youngsters and had worked in the vicinity of West Point before. One farmer hired all six of the boys.

Judge Sullivan stated that after today he will be able to place more boys, if the farmers will make application for them.

Austrian notes issued and not redeemed as of Jan. 29 amounted to \$280,918,758. The gold coin in the treasury was \$107,189,288, while \$248,325 was held elsewhere. These two sums represented 39.02 per cent of notes in circulation.

CHICAGO, May 27.—Fresh advances took place in the corn market today and the rise carried to the highest price yet this season. Scarcity of supplies was the chief reason apparent. Attention continued to focus largely on the big decrease of the visible supply total. Opening prices, which ranged from the same as yesterday's finish to ½¢ higher, were followed by a slight reaction, and then by an all around upturn which in some cases surpassed the initial top figures.

Oats were bullishly affected by reports that green bugs were attacking the crop in some sections of Missouri. After opening unchanged to ½¢ higher, the market sagged a little and then hardened again.

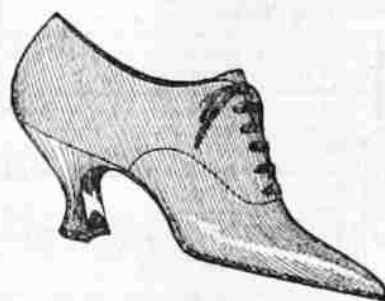

Inactivity characterized provisions. Prices average lower as a result of weakness in the hog trade.

CONCRETE BLOCKS TO BE USED TO MARK SAFETY ZONES

Concrete safety zones will replace those now in use in the streets, at the intersections in the main part of the city, according to plans of the street department. The city will make its own zones, a form having been provided for pouring the concrete base.

The change was sanctioned because of the large number of machines which strike the present zones, especially during the night hours when there is little traffic. After midnight the number of careless drivers is said to be far greater than during the daylight or early evening hours, many of them striking the zones through pure recklessness. The city officials state that they will place some heavy concrete blocks in the streets and will be pleased to learn of their being struck by some of the joy-riders. The wrecked machines will tell the story, the officials say.

CARD OF THANKS

We wish to thank all those who so kindly assisted during the sickness and death of our husband and father, and thank all those who sent beautiful floral tributes.

Sincerely, Mrs. R. P. Williams and Family.

Earl Munson Saw Base of Gun That Fired on Paris

Earl Munson, son of Daniel Munson, 508 Twelfth street, has returned to his home in this city, having spent more than 19 months with the American army in France.

Munson was with the 117th Ammunition train of the Rainbow division. He saw much action and had the great luck to go through it all and not receive a scratch. He tells of many interesting experiences that he had while in service. He had the opportunity of seeing the base plate of the big gun that shelled Paris. He states that the platform was about 50 feet across and the recoil extended 30 feet into the ground. The gun fired an eight-inch shell, about 5 feet three inches long.

Can Factory Is Increasing Force For the Season

To meet the expected demand for cans during the summer season for the packing of peas and tomatoes, the American Can company in this city has added to its operating force until it is now operating to 50 per cent of its capacity.

Larger additions to the working force will be made in June, and through all of the summer and fall the officials expect to work the plant to its capacity.

FARMERS URGED TO ATTACK NOXIOUS WEED

Crop Pest Inspector C. E. Pettigrew issues a warning to the farmers of Weber county in regard to the white-top weed pest that has made its appearance in about thirty-seven places in Weber county.

White-top should have the serious attention of the farmers. Unless quick action is taken at this time, large areas of the best farming land in the county is in danger of being infested with this noxious weed.

It is suggested that the farmers of Hooper turn out on Wednesday, May 28th, and help John Naisbett, of Hooper, clean up the patches of white-top on his farm, which, if allowed to go to seed, would be carried by irrigating streams and winds, to many other farms.

Bath Houses and Comfort Station At Jones Grove

The city will at once construct the bath houses and comfort station at Jones Grove, the tourist camp ground near Lorin Farr park, according to a decision reached last night at the meeting of the city commissioners.

The contract was awarded to E. J. Isakson for \$810.

A contract was let to George Whitmeyer & Sons to construct the children's swimming pool on the grounds of the Washington park, which adjoin the playgrounds of the south Washington school, the cost to be \$4,750.

SIX SCHOOL BOYS GO OUT TO HELP THE FARMERS

Six high school boys were sent this morning by Judge Dan Sullivan of the juvenile court to West Point to work on farms this summer. The boys were not hailed before the court, but came to the judge a few days ago to ask if he could find places for them on farms, as they had read that many applications had been made by farmers for boys.

The six were undergraduates, but were all husky youngsters and had worked in the vicinity of West Point before. One farmer hired all six of the boys.

Judge Sullivan stated that after today he will be able to place more boys, if the farmers will make application for them.

Austrian notes issued and not redeemed as of Jan. 29 amounted to \$280,918,758. The gold coin in the treasury was \$107,189,288, while \$248,325 was held elsewhere. These two sums represented 39.02 per cent of notes in circulation.

3½s 99.50; first 4s unquoted; second 4s 94.86; first 4½s unquoted; second 4½s 95.26; third 4½s 95.82; fourth 4½s 95.38; fifth 4½s 99.90.

Liberty bond final prices today were 3½s 99.50; first 4s 95.60; second 4s 94.94; first 4½s 95.90; second 4½s 95.30; third 4½s 95.92; fourth 4½s 95.46; Victory 4½s 99.92.

CHILD ATTACKED BY DOG.

PROVO, May 26.—While playing with a pet rabbit this morning, Howard, 7-year-old son of Mr. and Mrs. Roy Davis, was attacked by a dog and badly bitten about the mouth. A physician was called and eight stitches were required to close the wounds. The child suffered a considerable loss of blood.

CAPTAIN DUQUESNE ESCAPES.

NEW YORK, May 27.—Captain Fritz Duquesne, African explorer and world traveler who was held here awaiting

against the local sheriffs. In the examination of jurors, which occupied the morning session, one of the principal questions Attorneys James H. DeVine and David L. Stine representing the defendants, asked was whether the jurors believed in the right of the government to draft men for the army. It is taken for granted that the defense will dwell very strongly upon the government's right to raise an army by the draft and to arrest draft evaders or slackers. The case will probably be concluded late tonight or early tomorrow morning. Eberington is represented by Attorney Skeen of Salt Lake.

Is Charged With Failure to Provide For His Family

Niels C. Peterson of Huntsville was bound over to the district court this morning by Judge D. R. Roberts in the city court, upon the charge of failing to provide for his wife and family. His bond was fixed at \$300.

He was arrested yesterday afternoon at Huntsville by the members of the sheriff's department.

COMMODITY RATE INCREASE.

WASHINGTON, May 27.—Increase in commodity rate between Seattle and Tacoma, Wash., and cities in south and southwestern Alaska were asked today by the Alaskan Steamship company in two petitions filed with the interstate commerce commission.
